Getting Started...Online Registration

School: «*School_Name*»

Coupon Code: «*Coupon_Code*_»

The Manitoba Marathon is moving towards a 100 % use of online systems. This year parents, teachers, or volunteers may register participants from any computer by accessing our easy to use online Countdown 26 registration site via our website. Parents may now register themselves and/or their children using your designated School Coupon Code allowing them to send their payment directly to the school. **Note: online credit card payments are not an option this year, if parents wish to pay via credit cards, they can write it on a manual official entry form that the club leader to bring to our office for processing. The online deadline for 2011 is May 30th.**

- ◆ **In your package you have received an online registration manual and an online participant confirmation form.** These forms are to be photocopied.
- ◆ Please send all Manitoba Marathon online registration information home with your run club information letter, allowing for turnaround time. **Be sure to include your MRA # to students so they can receive the discount when registering. Please have cheques made payable to your school and in turn issue one cheque to the Manitoba Marathon. This speeds up pickup appointments significantly.**

Can we register the old way?

Yes...those schools handling manual registrations will use official Manitoba Marathon entry forms and bulk sheets downloadable from our website under Participate, Countdown 26 Programs, Schools. **Schools requiring data entry support will need to have their entry forms and a copy of the completed bulk sheets couriered to the Manitoba Marathon office by the morning of May 30th.** Your school pick up appointment would then depend upon data entry completion, probably end of school week.

- ◆ Manitoba Marathon would still appreciate one cheque from the school made payable to the Manitoba Marathon.
- ◆ When coming to your pickup appointment **please bring the originals of your bulk sheets with your cheque.**
- ◆ All participant names must be printed legibly on the bulk sheets as well as on their own entry form for registration purpose. It is crucial that ALL the required information be filled out on the entry forms and that print is legible.
- ◆ There is a Relay Bulk sheet (4) teams per sheet and one for the other events with (30) spaces for names.
- ◆ **Please do NOT bring in the "School Confirmation Form" that was sent to parents as an entry form, it will not be accepted. They must be official Manitoba Marathon entry forms.**

In order to ensure runners receive their correct time, it is extremely important that the bib number assigned to each runner is the one he or she wears. Plus, it is important that relay teams follow the rules set out for this event as identified in the Participant Handbook.
